NO KINGS BIGGEST PROTEST RALLY!

Across America, in small towns, big cities, rural areas and the 'burbs, an estimated 5M+ people flooded the streets peacefully protesting at 2,100 "No Kings" events in all 50 states, red and blue—a massive display of the power we hold when we stand together for democracy, dignity, and hope. There were even No Kings events in other countries standing in solidarity!

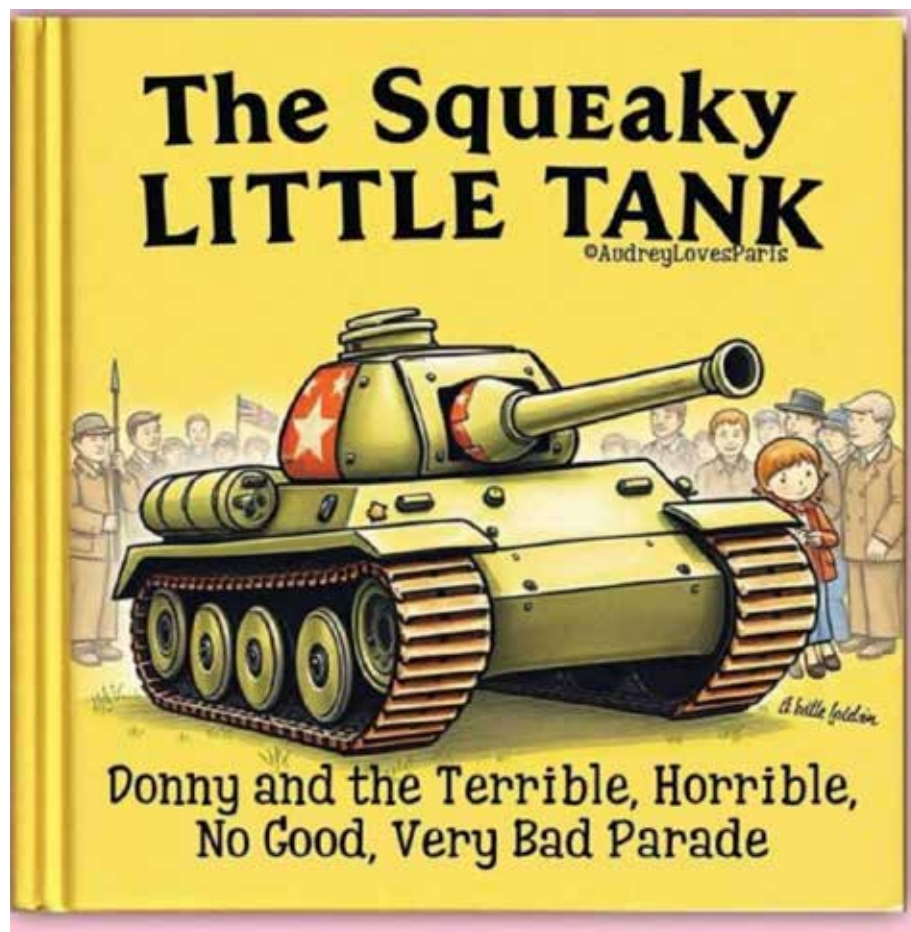

TRUMP'S MILITARY PARADE

In contrast, Trump's Military Parade could be summed up like this: "A young man, asked what he thought of the parade, remarked that he was not impressed. He felt that Trump's close association with the celebration had politicized it and 'made a mockery' of the army,

though it wasn't the army's fault."

More to the point, he added, the event was "just kind of ... lame".

FUN SIGN MAKING PARTY!

Another successful Sign Making Party!!

Around 36 folks came out to make signs for the **NO KINGS** rally at the SCLH Sports Pavilion and at Esplanade! Thanks to all our volunteers and to **Duane & Gennifer Kanakanui** for the fabulous guitar accompaniment and rally songs!!

DEMOCRACY WORKSHOP!

Placer County Democrats partnered with the **Democratic Club of Lincoln** to host this amazing event! With over 200 RSVP's, it is clear that many people want to do more to protect our democracy.

Barbara Smith, 2nd Chair of the Democrat Central Committee, introduced the agenda for the evening and provided an overview of the Placer County Democratic Party, identifying areas where volunteers can plug in and contribute. She was followed by **Ruth Cox**, President of the Democratic Club of Lincoln, who offered messaging points on the strengths of the Democratic Party, our values, and the dangers that Trump and Kiley pose to our Democracy.

These presentations were followed by a series of break-out sessions where concerned citizens learned about tools and techniques to maximum their efforts in affecting change. Subjects included effective ways to use social media, how to write letters to the editor, and leverage support programs like Democracy Circles and Vote Forward. Other topics included how to run for public office and how to successfully organize "Coffee & Conversation" outreach events.

Here are some of the comments left by attendees:

I liked the format of having breakout sessions on different topics. Well organized, the right length of time, relevant information.

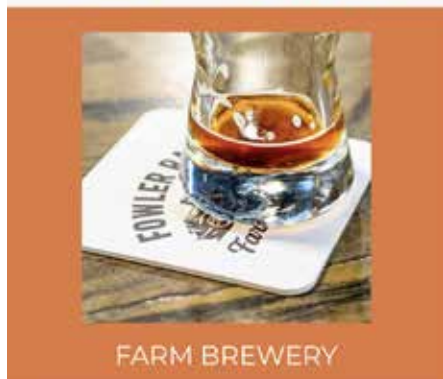

Great information and solidarity with like-minded individuals were really helpful in these dark political times.

It's up to us to bring change and kick out the elected officials who are not representing us!

To those who presented and all who attended, thank you! We know you will go forth and fight the good fight!

If you weren't able to join us, stay tuned as we will be holding additional workshops in the coming months.

COOL BREW & CONVERSATION

Fowler Ranch Brewery

It Was A HIT!

WOW! What a great crowd! A larger than anticipated group showed up to enjoy cool brews and conversations at **Fowler Ranch Brewery** on Thursday afternoon (June 19). Although 54 fun loving Democrats RSVP'd, we lost count after 75+ people came through the door!

It was great to meet new members, see old friends and hear so much laughter in the room.

Nothing better than sharing a beer with like-minded friends.

We especially want to thank [Fowler Ranch Brewery](#) for being a great host. We'll be back!

Stay tuned for more fun social events – another one is right around the corner!

FIGHT BACK AGAINST THE BILLIONAIRES!

The **Resistance Action Tuesdays & Thursday (RATT) Pack** is launching a program to call out the MAGA billionaires who are attempting to destroy our democracy. Trump's oligarchs are coming after our communities, families, jobs, and essential services, but they will fail, because together we

will defeat them.

Now through Labor Day, we will be building our local coalitions and taking to the streets again, to say loudly and clearly -- we are choosing our families over their fortunes.

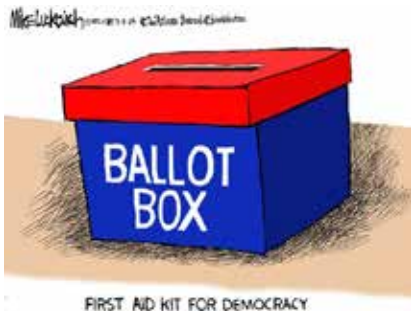

The RATT Pack is aiming for more than rallies, with actions that deliberately target corporations aiding this billionaire takeover.

They're **hosting a kickoff call** next **Thursday, June 26 @ 8pm ET**.

THIS & THAT

From Robert Hubbell Substack

A few short comments from the Sunday news on the Iran war:

- As the NYTimes declared, “The US has entered Israel’s war on Iran.”
- As Scott Schapiro of Yale Law School commented, “I’ll say it again. It was a huge mistake for Congress to abolish itself.”
- United States Constitution, Article I, Sec. 8, Clause 11: “[The Congress shall have Power . . .] To declare War.”
- Everything Trump says is a lie.
- It’s up to us. It always has been.

QUOTE OF THE DAY

“We’re not going to win if a lot of people show up at a protest ONE day. We need people actually taking democracy seriously, and that’s not going to be done through a top-down action. It has to be done from the bottom-up.”

When pro-democracy movements succeed, it’s because of a broad-based, ideological, diverse, geographically-dispersed, **grassroots organizing** – not just mobilizing.”

Ezra Levin, Founder Indivisible
